

iPorn

When Apple approved the first iPhone application for a male porn star last year, we knew it wouldn't be long before the ladies caught up.

It came as no surprise to us that the first femmes to take advantage of the new iPhone app technology were Penthouse Pets. The cutting-edge ladies were led by 2003 Pet of the Year Sunny Leone, the first female porn star to get the okay. September 2000 Pet Aria Giovanni and January 2009 Pet Teagan Presley (above) followed shortly after, and, as of press time, 2009 Pet of the Year Runner-Up Shawna Leneé and September 2008 Pet Kayden Cross were the latest to make their debuts.

The apps give fans 24/7 access to photo and video galleries of the stars in their sexiest lingerie and bikinis (Apple won't allow nude photos yet), as well as blogs, candid shots in everyday gear, and appearance updates—all for no more than \$1.99 each. Sunny and Shawna even have softer versions that are free. "I'm so excited about the future of my iPhone app," Sunny says. "This provides an entirely new way for me to communicate with my fans and give them a new and unique content experience."

Teagan's app, appropriately named iTeagan, will also include an audio message from the star and her Twitter feed, and all photos and videos will be updated automatically ... and frequently. "My fans are demanding, and they demand the best," Teagan explains.

If you've been waiting for the perfect reason to get an iPhone or iPod Touch, your wait is over.

Pet of the Year Pageant

The crew at *The Howard Stern Show* named Taylor Vixen their favorite weeks before she was crowned 2010 Pet of the Year.

When Howard Stern hosted the 2009 edition of the Penthouse Pet Beauty Pageant, three popular centerfolds—April 2009 Pet Veronica Ricci, September 2009 Pet Taylor Vixen, and October 2009 Pet Ryan Keely—were put through their paces, so to speak, in a stiff competition. For the talent segment, Taylor performed "All My Ex's Live in

Texas" in her favorite cowboy boots and little else, Veronica rocked out to "The Imperial March" from *Star Wars* in her own version of a Princess Leia bikini, and Ryan belted out Peggy Lee's "Fever" nude. "I pretty much faced my worst fear," Ryan says. "Singing naked in front of a roomful of strangers who were all judging me was pretty terrifying!"

Of course, there were also many embarrassing questions. Taylor says, "They had this question: Would you do blank to save a dying child, and it was, 'Would you eat out your mother?' I said absolutely not, no way. Howard said, 'You would let that child die?' and I said yes. I know it's part of some crazy girl-girl fantasy, but that's just sick!"

Veronica—who wowed the crowd from the start, with Howard declaring, "Holy shit. You are gorgeous!"—tells us, "They asked if I'd ever fuck a man for a million dollars. When I said it would depend on the man, they asked if I would care who it was as long as he had no STDs. Then they offered up Artie. I said, 'I thought you said no STDs.' But for a million, sure, I'd do Artie."

For her part, Ryan—a former adult DVD reviewer and radio host who considers Howard a role model—upped the ante and made out with Veronica, proving the Pets are all about good-natured competition. "I had a lot of fun," she says. "Veronica got a little friendly, and I can never say no to a redhead, so it was a great day."

Pure Sex Appeal

Ever wonder how we find all our luscious ladies? Sometimes we get a little help.

Penthouse recently teamed up with PURE Management Group to host a nationwide model search at PURE Nightclub in Las Vegas, with none other than 2009 Pet of the Year Taya Parker and 2010 Pet of the Year Taylor Vixen hosting and acting as judges. Dozens of girls converged on the club to take part in preliminary contests in November and December, with the top scorers returning earlier this month for a final round of competition. The model hopefuls had to pose, dance, and answer questions from judges, all while a live, enthusiastic audience cheered them on.

But impressing the audience was only half the battle. They also had to impress the Pets. "I've always thought it would be cool to pick the models for *Penthouse*," Taylor says. "Talk about a great job!" And what did the Pet of the Year think of the potential *Penthouse* models? "I was really taken with the girls," she tells us. "It was very hard to decide on a winner."

The winner gets a photo shoot with a *Penthouse* photographer, and could end up in the magazine alongside the very Pets who helped pick her for the job. We'll keep you posted.

Hipster Hotties

We know you've got the 2010 Penthouse Pet and Penthouse Pinup calendars on your wall already, but if you still have a few inches of vertical space, there's one more planner to enjoy.

The calendar for hipster shopping mecca Mishka showcases four Pets as well as *Penthouse* models Jelena Jensen and Asa Akira, photographed by Ellen Stagg. October 2009 Pet Ryan Keely models fishnet stockings, 2007 Pet of the Year Heather Vandeven gets down and dirty on the beach, 2008 Pet of the Year Runner-Up Justine Joli sports nothing but a wide-open leather jacket, and June 2006 Pet Shay Laren makes an old-school pom-pom hat look sexy. As if that's not enough, there are nine other steamy photos, including Jelena in a wet T-shirt and October 2009 Danni.com Girl of the Month Asa lounging nude in rumpled bedsheets. As the photographer tells us, "The calendar is

basically 13 months of fantasies, with some of the best erotic models out there. And while I love shooting any hot girls who are willing to get naked for me, the *Penthouse* girls are my favorites. They're the hottest and always supersweet."

Heather was thrilled to be part of the calendar, saying, "We shot on a beach in Kauai. All girls, naked on a beach.... It was definitely work, but not really." Shay agrees, telling us, "The shoot was more like play than anything." Thirteen smoking-hot nude models playing around on a beach? Even in this land of naked-chick *Penthouse* photo shoots, that's our idea of a dream job assignment. (MishkaNYC.com)

"Meeting the fans is always great, but my favorite moment was meeting a couple who got really into porn after the wife saw one of my movies. It was so cool to know I'd helped them enhance their sex lives."
