### How do you define your sexuality (gay, straight, bi)?

I'm more into individuals than defined by gay/straight/bi. I don't like to be categorized. If you're my type, you're my type.

### What gave you the idea to become a porn star? Was it something you always wanted to do?

It never crossed my mind until my roommate at the time got into the industry. I was in a serious relationship, trying to seek my way out when my roommate came forward and told me what she was doing. I then found my way out and bought a one-way ticket to LA and here I am!

### What makes you great at what you do?

I milk the fat cow for what it's worth. I always give 110 percent in what I do, regardless of what it is. I have absolutely no shame in my game! It is what it is.

### In your Penthouse Pet layout, you mentioned being on your high school's softball team. What position did you play?

I was an all-star varsity catcher. I have four scars on each knee. I got down and dirty! No one ever stole second base when I was behind home plate.

### It seems like every porn star loves Starbucks. What's your favorite coffee drink?

White chocolate raspberry mocha.

**Did you have a dream job growing up? What was it?**

To become a marine biologist.

**Name your three favorite bands/singers.**

Brooks & Dunn, Jason Aldean and Lil Wayne.

**Were you interested in girls before entering the porn industry, or did that start with your job?**

My first kiss was a girl. I've always had a thing for pretty, petite girls. They're so much fun to play with. They make my heart go boom.

**A lot of porn stars seem to be writing their memoirs lately. Would you ever consider writing a book about your life or your time in the business?**

I've been keeping a journal. I have some pretty amazing stories that need to be told. I've lived a very crazy, diverse life—and it ain't over yet!

**Will you still be working in porn in five years? What would make you quit?**

I plan to be out of the industry by the time I'm 30, but until then, I wouldn't give it up for anything in the world—except love.

**Are you into cars? What's your favorite car?**

I'm very much into cars. I drive a BMW now, but my absolute favorite classic car has always been a candy-blue 1967 Shelby Mustang. But my dream vehicle? That's a magic carpet!

**Whom have you loved more fully and deeply than anyone else in your life, and why?**

My mother, no doubt. There are not enough words to describe what an amazing person she is. She is the sweetest, strongest, most independent woman I know. She's the only person who's been there for me through thick and thin. I owe her my life.
