

## @Isis Taylor

Follow us at [twitter.com/GrlsofPenthouse](https://twitter.com/GrlsofPenthouse) for the chance to have your favorite Pets answer your questions in an upcoming issue.

### What do you do to keep in shape besides dance?

Hmm . . . Well, I really like dancing and I'm kind of lazy, so I try to always shake my booty just a little. I also have a personal trainer who I pay to show up at my house and roll me out of bed.

### You're Peruvian, Scottish and Israeli. Which part of your heritage do you most identify with?

I come from a very ethnically diverse family and lived in many different countries growing up; however, I've never identified with any particular nationality. I've always just been an American.

### What's your favorite rainy-day activity? Do you go out or do you stay in and hibernate?

Rainy days are my favorite days to drink tea, curl up in my blanket and watch movies by my fireplace.

### If you see a hot guy in a bar, what do you do to get his attention? What can he do to get yours?

If I see a guy I like or want, I just walk up to him and say hello. I'm not really shy when it comes to guys. In the words of LMFAO, "I'm sexy and I know it!"

### What's the best compliment you've ever received?

Not to sound too full of myself, but I've heard a lot of compliments my whole life. The one I never get tired of hearing, though, is that my intelligence is what makes me sexy.

**During masturbation, toys or no toys? Do you have a favorite?**

The Hitachi Magic Wand is by far the best invention for women. It's instantaneous for me. Two minutes and I can move on with my day.

**Are you a coffee addict like so many other porn stars? What's your guilty caffeine pleasure?**

Is that a thing, porn stars and coffee? I didn't know that. But no, no caffeine for me. It makes me anxious and gives me a headache. I prefer a chai tea with a little milk and two sugars.

**I saw you tweet about having a landline phone at home. Seriously? How often do you use that?**

Don't hate on my home phone! I use it a lot. I don't get great reception in my house for my cellphone, so my home phone is a great tool.

**If you could only have sex in one position for the rest of your life, which position would it be?**

One position for the rest of my life? Missionary. It's a classic for a reason.

**What is the number one piece of sex advice you would give someone?**

The best sex advice I can give a person is to be aware of your partner. Sex isn't all about you getting your rocks off. If it were, it would be called masturbation.

**You tweeted, "When in doubt, Mexican food always works." What's your favorite Mexican food? Do you use a lot of hot sauce?**

I say smart things in my tweets! Ha ha! Yes, Mexican food is the greatest. My ultimate food-gasm when it comes to Mexican food is my own version of a taco salad, but with chips instead of the tortilla shell. And I use lots of Tapatio hot sauce. Oh great, now I'm hungry!

**Of all the cities you've traveled to when you feature dance, do you have a favorite?**

All the cities I've featured in are fun, but Pittsburgh and San Francisco are probably where I've had the most fun featuring.
