If you could have a gangbang with any four people in history, who would they be?

John, Paul, George and Ringo.

What's your favorite position for sex? Are you into girl-on-top, missionary, or something else entirely?

I love missionary, I love being on top, I love laying on my stomach and having him enter me from behind, I love spooning. I love it all. But what I really like is watching—which is why I have mirrors on both sides of my room. Now that's hot!

You're my favorite girl-girl performer. Do you date or hook up with girls in your personal life, too?

Aww, thanks! I've hooked up with many girls off-camera. It usually involves us being in a threesome with a guy, though. And I've never dated a girl. They have way too much drama. Besides, I really, really love men!

Do you get recognized in public a lot? What do you do when fans spot you when you're out and about?

Sometimes. And it's super flattering! I dress pretty low-key when I'm out and about and not working, so if someone recognizes me, I'm really impressed.

Are you a fan of karaoke, or are you more of a shower singer? What song do you rock out to most often?

I only sing in front of my dog, Gandalf, because I can pretend he's not judging me. But I know he's just as judgmental as everyone else, especially when I dance in front of the mirror!

Do you have a favorite piece of lingerie that you put on when you want to feel especially sexy?

A garter belt and stockings are always sexy.

Say you meet a guy who's really cool, but you find out he's not so adventurous in bed. Would you keep seeing him or ditch him and find someone new?

If he was a great kisser and we really connected, I might give it a chance. I've taken a few non-adventurous guys to another level. It's incredibly hot to get a guy to open up and let me do something to him he's never tried before. They end up giving me some of the best sex I've had!

You started out as a bondage model. Are you into bondage and kink in your personal life, too?

I like a little restraint, dom/sub role-play, and teasing and denial, but nothing too over the top. I am a complete pleasure slut.

I have a huge latex fetish, and I've seen a lot of pictures of you in hot latex outfits. Do you have a latex fetish, or any other fetish?

I absolutely love the look of latex, though I don't particularly enjoy trying to wrestle it on. But I like all fetish fashion, especially leather and the highest heels possible!

Are you a morning person or a night owl?

I wish I could be a morning person! I think I would accomplish a lot more during my day. Those early morning call times kill me! I don't want to get out of bed until at least 10 a.m.

You've worked with a lot of gorgeous girls. Are there any you haven't worked with yet who you want to get it on with?

I would love to work with Jesse Jane, Selena Rose, Kayden Kross and Nikki Benz. They are the hottest!!!

What kind of underwear do you like most on a man?

Boxer-briefs are pretty sexy.
