

Would you ever date a professional athlete or mainstream actor? Are there any who strike your fancy right now?

It's not easy dating someone in the entertainment biz, but I would as long as he wasn't the stereotypical Hollywood type. I've been pursued by a few celebs, but I don't name drop, so I can't tell you who.

Will you ever do boy-girl porn, or do you plan to stick to doing solo and girl-girl scenes exclusively?

I don't have any plans to start doing boy-girl porn.

If you could have a gangbang with any four people in history, who would they be?

John, Paul, George and Ringo.

Say you meet a guy who's really cool, but you find out he's not so adventurous in bed. Would you keep seeing him, or ditch him and find someone new?

If he was a great kisser and we really connected, I might give it a chance. I have taken a few non-adventurous lovers to another level. It's incredibly hot to get a guy to open up and let me do something to him he's never tried before. It usually ends up being some of the best sex.

You started out as a bondage model. Are you into bondage and kink in your personal life, too?

I like a little restraint, dom/sub role-play, tease and denial, but nothing too over-the-top. I am a complete pleasure slut.

I have a huge latex fetish, and I've seen a lot of pictures of you in hot latex outfits. Do you have a latex fetish, or any other fetish?

I absolutely love the look of latex, though I don't particularly care for wrestling it on. I am really into all of the fetish fashion, especially leather and the highest heels possible!

You said in an interview that you had sex with a cop in his police cruiser. Do you have a thing for cops specifically, or do you like men in uniform in general?

It probably has to do with the whole damsel-in-distress fantasy. What woman wouldn't want some hot, buff man in a uniform coming to her rescue?

What's your favorite position for sex? Are you into girl-on-top, missionary, or something else entirely?

I love missionary, I love being on top, laying on my stomach and him entering from behind, spooning . . . I like it all. I even have mirrors on both sides of my room so I can watch!

The Hitachi Magic Wand seems to be your favorite sex toy. What's the runner up?

The Hitachi is the greatest vibrator I have ever used. It's just amazing to use by itself, during anal, and on other girls for forced orgasms. I guess a Rabbit would be my second choice if I wanted to fuck myself with something.

You've been a blonde and a brunette. Any plans to go red next?

My hair was a dark reddish-brown when I first switched from blonde. I really liked the color, but I am trying to grow my hair out and keep it as natural as possible.

You tweeted recently that you were going to Hawaii to shoot for *Penthouse*. What's the most exotic place you've ever gone for work?

I really love Costa Rica! I've been there a couple of times. I loved waking up early to catch the sunrise over the ocean and posing on lava rocks with waves crashing behind me. I climbed waterfalls and saw monkeys. Costa Rica is amazing!

If it's laundry day, would you rather go out in granny panties or no panties at all?

No panties at all!! I don't even think granny panties would fit in my pants!

Are you a morning person or a night owl?

I wish I could be a morning person! I think I would accomplish a lot more during my day. Those early morning call times kill me. I don't want to get out of bed until at least 10.

When it comes to letting a guy know you wanna fuck, are you straightforward or do you make him figure it out on his own?

I can't keep my hands to myself!

You're my favorite girl-girl performer. Do you date or hook up with girls in your personal life, too?

Aww! Thanks! I have hooked up with many girls off camera. It's usually involved us being in a threesome. I have never dated a girl, however. They have too much drama, and I really, really love men.

You've worked with a lot of gorgeous girls. Are there any you haven't worked with yet who you want to get it on with?

I would love to work with Jesse Jane, Selena Rose, Kayden Kross and Nikki Benz. They are the hottest!!!

What kind of underwear do you like most on a man?

Boxer-briefs are pretty sexy.

If a guy wanted to impress you, where should he take you on a first date?

If a guy puts a little bit of effort into planning something, I am impressed. I love doing anything fun and low-pressure. I like to be able to get to know his personality. Dinner and a movie is limited and cliché!

I saw pictures of you from Comic Con. Are you into sci-fi shows or comic books? If so, which ones?

That was my first time at Comic Con! I really just wanted to wear a catsuit! Just kidding . . . sort of. I love any excuse to dress up. I went to support an artist friend of mine (pinupworldart.com). I don't read comic books, but I've done a lot of super-heroine work. I was really into *Heroes* and *Fringe*, but I have a hard time keeping up with TV shows.

What do you think you'd be doing if you weren't in the adult industry?

I would probably be dancing at clubs in Vegas!

You've got a teacup poodle named Gandolf. How long have you had him, and how did you choose his name?

I've had Gandolf for a little over three years. He is obviously named after Gandalf the White in *Lord of the Rings*.

When you have a day off, what's your favorite thing to do?

Cuddle in bed, watch movies, and have hot sex with my lover.

Do you get recognized in public a lot? What do you do when fans spot you when you're out and about?

Sometimes. And it's super flattering! I dress pretty low-key when I'm out and about, so if you recognized me, I'd be pretty impressed

You moved to LA from North Carolina. How does the West Coast differ from the East Coast? Which do you prefer?

I love LA! I doubt I could ever move away. There is so much going on, so many unique people, so many opportunities. . . .

If a guy sees you out at a bar or club, what should he do to get your attention?

Buy me a drink. Hopefully his conversation is interesting and funny.

Are you a fan of karaoke, or are you more of a shower singer? What song do you rock out to most often?

I only sing in front of my dog because I can pretend he's not judging me, but I know he does—especially when I dance in front of the mirror.

Where do you see yourself in five years? Do you plan to keep doing porn?

I have no idea what I am going to be doing in five years. I have learned quite a lot from my experiences in the adult industry, and if I'm not still in front of the camera, I may be behind it! Right now I plan on building my brand and loving every day.

What's your favorite movie?

I love *The Neverending Story* and *Labyrinth* because I grew up watching them.

Do you want to do mainstream acting or modeling? What sort of work would you like to do?

I'm too short and curvy for mainstream modeling, but I have considered acting. I live in Hollywood!

Do you have a favorite piece of lingerie that you put on when you want to feel especially sexy?

Garter belt and stockings!
